Day 1 – Sunday, June 11

Today we will fly to Boston’s Logan airport. Upon arrival at the airport we will be met by our local guide and motorcoach. We will take whatever time is given us this afternoon to tour downtown Boston including parts of the famous Freedom Trail and make several stops while providing commentary throughout. This evening we will stay in downtown Boston and enjoy dinner at one of Boston's landmark restaurants before enjoying a fun evening of theater nearby at the hilarious show - Shear madness.

Day 2 – Monday, June 12

This morning, we will have time to enjoy breakfast on our own either in the hotel or just steps away in several local spots near the hotel. We will head straight to Cape Cod just 75 miles away. Our first stop will be just outside downtown Boston at Columbia Point the location for one of the very finest Presidential Libraries in the country - The Kennedy Library. Here you will interact with that brief history that was at once so compelling and idealistic at the same time. From the Campaign Trail to the Oval Office, the Space Race and the family history. It is hard to believe he served just 2 years and 10 months as President. Once we arrive on the Cape we will see the other side of Kennedy's life - his summer White House in Hyannis Port. While the home is not open to the public, we will visit the Kennedy Memorial overlooking Lewis Bay. This circular fieldstone wall bears a likeness of the President on one side, the Presidential Seal on the other and is surrounded by a reflecting pool and fountain. We will drive by Saint Francis Xavier Church where the Kennedy’s enjoyed Sunday Mass. Later today we will visit the JFK Museum in Hyannis. This museum captures the years JFK spent at the family compound in Hyannis Port—his time with family and friends, and with national and international persons of prominence, and we will learn why he was so drawn to Cape Cod. We will check into our Hyannis hotel for two nights. This evening a delicious dinner is included.

Day 3 – Tuesday, June 13

This morning after breakfast we will journey to the end of Cape Cod where we will enjoy a tour of Provincetown, which is without a doubt the most eclectic of all Cape Cod towns. Over the past century many artists have made Provincetown their home creating a very open community where many painters, writers, playwrights still live today. This is evident in the many art galleries that line Commercial Street as well as the theater productions that are put on each summer. Then it’s all aboard a Whale Watch Cruise to enjoy the sunshine and ocean breezes on luxurious and comfortable vessels searching for the exciting and entertaining marine mammals just a splash away! As we sail toward the whale feeding grounds, the on-board naturalists will provide an informative and entertaining commentary on the Cape’s unique eco-system and the creatures that dwell here. Later today, we will visit the Cape Cod National Seashore, where we can stand on the cliffs and view the spectacular scenery. We will visit the Visitor’s Center, where we will learn about the formation of the Cape and other interesting facts. We will enjoy a traditional Cape Cod Lobster Dinner.

Day 4 – Wednesday, June 14

This morning we will depart the Cape and travel across the entire state of Massachusetts (not a very big state - less than 200 miles!). We will have lunch at the historic Red Lion Inn in Stockbridge, MA in the heart of the Berkshires. Since 1773 this Inn has operated as a tavern, way station, and Inn continuously. It has always been the heartbeat of Stockbridge and today is famous for its fabulous food and service. Following lunch we will visit the incredible Norman Rockwell Museum. This is a world class museum featuring so many works of this iconic American artist. They even have his original studio from his home inside the museum. Their gift shop includes lithographs and posters of every work, for those who want to commemorate your visit with a picture of your own to hang. We will then continue west to the Hudson River Valley and our hotel for the next two nights. Dinner is on our own this evening.

Day 5 – Thursday, June 15

This morning after breakfast we will begin our journey along the historic Hudson River Valley. Here, New York’s wealthy residents had fabulous mansions and homes built around the turn of the century. We will begin our exploration in Hyde Park, where we will visit the Home of Franklin D. Roosevelt National Historic Site at Hyde Park, which contains "Springwood," the lifelong home of America's only 4-term President. The land of the Springwood estate was originally part of a land grant (the "Great Nine Partners Patent") which covered about 567 square kilometers and it was given to a group of nine businessmen from New York City by the English Crown in 1699. To insure equal access to the river for all partners, the land on the river shore was divided into nine "Water Lots". The Springwood estate is located on such a Water Lot, which was granted to a partner in the grant named William Creed. We will also pay a visit to the Vanderbilt Mansion Historic Site nearby. This site includes 211 acres of the original larger property historically named Hyde Park. Situated on the east bank of the Hudson River, the property includes pleasure grounds with views of the river and the distant Catskill Mountains, formal gardens, natural woodlands, and numerous auxiliary structures. The grounds also include Italian gardens that have been restored by the volunteer Frederick W. Vanderbilt Garden Association. Frederick William Vanderbilt (1856–1938) purchased the property in 1895 for use as a seasonal country residence. Designed and built between 1896–1899, the house is a good example of the Beaux-Arts architecture style and one of the architects' finest residential projects. We will enjoy a 4 course farewell dinner in one of the fine restaurants at the Culinary Institute of America.
